### Course selection:

In their application, students are required to select 8 courses in order of preference and priority. They should be prepared to show how they meet the entry requirements for their selected courses by providing details from their own transcript. We recommend using the filter on the right hand side of the course catalogue to narrow the list down to what is most appropriate to the students’ level of education and area of study. All courses open to exchange students and taught in English are listed in the above catalogue.

Useful information about courses for exchange students is listed here: [www.uu.se/en/admissions/exchange/course/](http://www.uu.se/en/admissions/exchange/course/)

Courses offered at Campus Gotland: [http://www.campusgotland.uu.se/study/courses/](http://www.campusgotland.uu.se/study/courses/)

Each selected course must be approved by the home university. We will only admit students to fulltime studies with courses that do not overlap.

### Restricted subject areas for exchange students:

- Business Studies courses – entry requirements vary considerably. Please note the early application deadline!
- Law courses – at least two years of prior full time Law studies are required.
- Psychology – few to no courses taught in English.
- Medicine – as clinical courses in Medicine require knowledge of fluent Swedish and are very competitive, these courses rarely accept exchange students.
- Natural Sciences including Physics, Chemistry, Biology and Engineering - no entry-level courses are available; students must have strong academic backgrounds within these subjects and meet the entry requirements described in the course description.
- Places on courses taught in Swedish for those with enough Swedish language skills, can be offered if space is available. Students will be notified of the decision only after the national (Swedish) admission process.

### GRADING SCALE NEWS FOR 2018/19:

In an earlier decision made by the Vice-Chancellor of Uppsala University in 2010, ECTS grades were replaced by grading statistics (UFV 2010/1968). A new academic registry will be implemented in October 2018, which will execute the Vice Chancellor’s decision. This means that ECTS grades will no longer be given by UU. More about the Swedish grading scales used can be found here: [http://www.uu.se/en/admissions/higher_education_in_sweden/](http://www.uu.se/en/admissions/higher_education_in_sweden/)

### Are exchange students guaranteed a placement in their selected courses?

No, exchange students are accepted individually by assessment from each department depending on the entry requirements for each course and space available.

### Language requirements:

Applicants will be asked to evaluate their level of English (or Swedish for those planning to take courses taught in Swedish) in the application form. We request that partner coordinators discuss with their applicants that at least a B2 level on the Common European Framework of Reference for Languages is the level the students can manage.

**Definition of level B2:**

“Can understand the main ideas of complex text on both concrete and abstract topics, including technical discussions in his/her field of specialization. Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Can produce clear, detailed text on a wide range of subjects and explain a viewpoint on a topical issue giving the advantages and disadvantages of various options.”

### Are there any Swedish language classes for exchange students?

1. Basic Swedish language courses run part time and as evening classes, throughout both semesters and are worth 7.5 credits. [http://www.nordiska.uu.se/admissions/courses/swedish/basic/](http://www.nordiska.uu.se/admissions/courses/swedish/basic/)
2. Complementary English language courses are offered in Uppsala but not for academic
credits. Students are required to have sufficient knowledge of English on arrival.

A Language Workshop is available to students in need:
http://www.sprakverkstaden.uu.se/?languageId=1
The language courses above are free of charge for exchange students.

<table>
<thead>
<tr>
<th>Is pre-registration available to exchange students?</th>
<th>Students will be admitted to courses and notified of these in their Admissions letter. Course registration takes places during the first week of class. Please note: Courses are quite fixed at the time of admissions and course changes are not guaranteed. However, the deadline to drop out of a course is three weeks after the course starts.</th>
