

**Reference Chart B: Multiple Versions of Degree Programs Version**

2010/2011 Academic Calendar:

- The degree program information for the Class of 2010 will be removed from the 2010/11 calendar because those students have graduated (students who take longer than 4 years to complete their degree may be following a modified program as specified by their Undergrad Chair).
- The degree program information for the current Classes of 2011 and 2012 data will be revised to reflect any approved changes.
- If the second year of the class of 2012 degree program changes, then a new degree program listing all three years for the Class of 2013 will be created in the Academic Calendar.
