ELECTRICAL AND COMPUTER ENGINEERING

EXCHANGE INFORMATION

THINGS TO DO BEFORE YOU COMPLETE AND SUBMIT YOUR APPLICATION FOR NOMINATION

1. Get familiar with your third year and fourth year curriculum.
   (i.e., what courses do you need to take abroad and find substitutions for)

2. Review course offerings at the partner Universities abroad with whom you are seeking a nomination
   (Hint: remember to look at not only the course content but when the course(s) are offered and is the course offered in English)

3. After your investigations, be prepared to submit a study plan for any of your preferred host universities, as part of the application process. This plan should clearly indicate the courses that you wish to substitute as your preferred exchange university, for the specific required elements of your discipline specific program. The documentation should include the course title and a brief course description of each exchange course you wish to take. You may find this information via the webpages of our university partners.

Undergraduate Program Assistant, Irina Pavich  irina.pavich@queensu.ca

ELECTRICAL AND COMPUTER ENGINEERING exchange opportunities include but are not limited to:

Australian National University  University of Hong Kong
Cardiff University  University of Leeds
Fudan University  University of Melbourne
Lund University  University of New South Wales
Nanyang Technological University  University of Sheffield
National University of Singapore  University of Western Australia
Royal Melbourne Institute of Technology  Waseda University
University of Edinburgh  City University of Hong Kong (ELEC)
University of Essex  University of Warwick (ELEC)
University of Exeter  University College Dublin (ELEC)
