WHY İSTANBUL?

İstanbul is a lively city with a rich cultural heritage, thanks to its geographical location. With more than 8000 years of glamorous history, the city has always been an important metropolis as the former capital of many empires, including Roman, Byzantine, Latin and Ottoman Empire. İstanbul fascinates visitors with the precious ancient monuments and its unique beauty with the Bosphorus passing across the city to separate Europe and Asia. High standards of education, internationally recognized degrees and modern campuses with outstanding facilities are also the reasons why many students from all around the world are attracted to Turkey and İstanbul. The city owns cultural phenomena of centuries. Some of the wonderful sites of İstanbul are Hagia Sophia, Sultanahmet Mosque, Maiden's Tower, Dolmabahçe Palace, Basilica Cistern, Grand Bazaar, Galata Tower, Princes' Islands, and many more.

At first, it kind of sounded weird for me to go on exchange for a semester as a person never been outside of the borders of his motherland. A friend of mine recommended Koç University, I am glad that he did; it was an amazing experience. A university in the mountainous part of Istanbul, surrounded by woods, and full of energized students and staff... It could not be any better. I met new people, became friends with some, and enjoyed time together. I visited so many places in Istanbul (museums, historical places), had a trip to Cappadocia, Efes, Bursa (twice); unforgettable memories, enjoyable moments, and sense of feeling alive. From the day of orientation to the last day of exams, Thank you Koç University for being with us. Loves from Azerbaijan.

Visiting Turkey has always been an exciting thought for me, maybe it's because I belong to Pakistan where we fancy Turkey, its people, culture, food, traditions, warm vibes and even its tv serials. Every single day that I spent in Istanbul and at Koc University was full of laughter, fun and surprises. This exchange brought together a lot of us from all parts of the world and united us into one. Turkey gave me precious memories in different cities and places and most of all it taught me so much in terms of being independent, integrating better into any kind of environment with new people, combating cultural shocks, adopting the local ways of life and making connections with the locals all around Turkey. I will never forget the hospitality Turkey and its people have shown me. Whenever I take a trip down memory lane which is not old enough yet, it gives me tears of happiness and spreads warmth inside of me. Thank you Turkey and thank you Koc University.

Fall semester: Early September to mid-January

Spring semester: Early February to early June

Summer semester: Late June to early August

Courses

The language of instruction at Koç University is English. Exchange students can take courses from any discipline as long as they meet the prerequisites or the instructor of the course gives consent. Course list is subject to change each semester, however, to have an idea about the courses, you may refer to the previous course lists by visiting

<https://apdd.ku.edu.tr/en/academics/course-lists/>.

Course Planning

KU students usually take five courses per semester (an average course is 3 KU credits which is equal to 6 ECTS). Exchange students can take maximum 6 courses per semester. Courses are selected on our online platform KUSIS.

Assessment System

Students are assessed by examination or coursework, which is set by the instructor of the course. Exchange students receive official transcripts of records from Koç University in order to transfer credits to their home university. On their transcripts, students can see the grade, numeric value, semester GPA and cumulative GPA. The highest score a student can get from an exam or a coursework is A+/4.00 while F/0.0 means that the student is failing the course.

Each exchange student is assigned to an academic advisor to assist them with course issues and provide academic support. Academic advisors can also serve as liaisons between students and faculty members or present academic opportunities on campus such as research positions and special programs/projects.

Research Assistantship/ Internship Opportunities

Koç University offers the opportunity for exchange students to work alongside academics as research assistants on a voluntary basis. All available positions are announced on the OIP website before the semester:

Janakiram Mandyam, Indian Institute of Technology Bombay, India

Merhaba! Being a part of the exchange program at Koç University was a bliss for me. Before Koç, I had very limited knowledge of Turkey and its culture. However, during my stay in Istanbul, I got to understand a lot about Turkish people, culture, food and the rich history of the country. Istanbul is where the continents collide, this magical meeting place of East and West has more top-drawer attractions than it has minarets. Being a vivid traveler and foodie, there are many places matching my interest which I explored such as the Asian side of Istanbul, Cappadocia, Bursa, Princes' islands, Edirne, Bodrum, and Antalya. I found studying at Koç University in the heart of Turkey, Istanbul, a rich experience in itself. From taking diverse courses to getting to know people from all over the world, the spring 2019 term is truly a life changing experience.

I was very happy when I received a call from the International Office with my official acceptance to the exchange program at Koç University. Koç's campus was quite impressive once I saw it in person, with a gym, swimming pools, comfortable rooms, lots of activities, and neighbours from all over the world. Making friends with other international students and local ones as well became a great opportunity for me to expand my network and improve my skills. People here are so warm, hospitable and beautiful. I will not forget the first day when first arrived here in the very early morning with heavy luggage and a phone without internet connection but luckily, I quickly got a lot of help from the locals to find a way to go to my place safely.

Now, looking back I found living here, immersing myself in a cradle of civilization with wonderful architecture, mosques, stunning views and contemplating the full moon from a boat in the middle of Bosphorus strait is an amazing and an unforgettable experience for the rest of my life.

I would highly recommend Koç University and Istanbul for all potential exchange students, hoping for them to have the happiest time here, like me!
